(213) 291 4190, mdooley@drugpolicy.org**

Over 84,000 people have graduated from Proposition 36 treatment, California's historic treatment-instead-of-incarceration law, since 2001. With treatment, people are able to end the painful and costly cycle of addiction and incarceration, reconnect with families, and get back to being contributing members of their communities!
